If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at [eligibilitycenter.org](http://eligibilitycenter.org). If you want to play Division III sports or you aren’t sure where you want to compete, start by creating a Profile Page at [eligibilitycenter.org](http://eligibilitycenter.org).

**INTERNATIONAL ACADEMIC REQUIREMENTS**
To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core-course credits, earn a minimum GPA and earn an ACT or SAT score that matches your core-course GPA prior to enrolling full time in university.

**GRADE-POINT AVERAGE**
The NCAA Eligibility Center calculates your grade-point average (GPA) based on the grades you earn in NCAA-approved core-course credits.

- DI requires a minimum 2.3 GPA
- DII requires a minimum 2.2 GPA

**SLIDING SCALE**
Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about sliding scales at [ncaa.org/student-athletes/future/test-scores](http://ncaa.org/student-athletes/future/test-scores).

**TEST SCORES**
Take the ACT or SAT as many times as you want before you enroll full time in university, but remember to list the NCAA Eligibility Center (code 9999) as a score recipient whenever you register to take a test. If you take a test more than once, send us all your scores and we will use the best scores from each test section to create your sum score. We accept official scores only from the ACT or SAT, and won’t use scores shown on your high school transcript. TOEFL scores cannot be used toward NCAA initial-eligibility requirements.
